

WHAT DOES AESOP MEAN FOR HUMAN RESOURCES PROFESSIONALS?

EFFICIENT SOLUTIONS

Say goodbye to the inefficiencies of manual
substitute placement and absence management.

Automated Substitute Placement & Absence Management
Selected by more districts than all other systems combined

WHAT DOES AESOP MEAN FOR HUMAN RESOURCES PERSONNEL?

Efficient Solutions.

As a busy HR professional, you're always looking for ways to improve the efficiency of employees across your district. In an effort to assist you and your personnel, we developed Aesop.

Over 2,000 districts worldwide have chosen Aesop, including many districts previously using hardware-dependent systems. As the leader in substitute placement, Aesop works with many HR professionals like you to cut costs and improve efficiency. Here are some of the concerns we've heard:

"My sub caller spends hours each day on the phone." Aesop alleviates the need for sub callers to manually fill the positions left by employee absences. Instead, Aesop automates the process via the phone and web. Districts save countless hours—and money—through automated substitute placement.

"Reentering employee data wastes so much time." By integrating with many popular HR, payroll, and other software applications, Aesop allows district personnel to save hours manually reentering data. Validation procedures eliminate the entry mistakes common in dual data entry.

"Our principals are very particular about subs working in their schools." With Aesop, principals can use skill-matching and preference lists to ensure qualified subs are placed in each classroom. Aesop keeps principals informed when absences are created and filled and facilitates efficient absence tracking and management.

"Our district budget is tight. We must be accountable for everything we do." Aesop's unsurpassed data collection and reporting capabilities allow personnel to better analyze absence trends and effectively manage their substitute payroll budget. Through improved absence tracking, your district can reduce absenteeism and save on substitute costs.

Our customer-driven philosophy pushes us to listen to and address your concerns. We continually release enhancements across our entire client base at no additional cost to you, so your system keeps getting better, and you don't have to do a thing!

For HR professionals, Aesop means a highly efficient solution for substitute placement and absence management.

To learn more about how Aesop could work in your district, please visit www.AesopOnline.com or call us at **1.866.574.9169** at your earliest convenience.

"Our teachers are happy that their jobs are being filled by qualified substitutes; our principals are happy that they have online access to view absences; our subs are happy that they have easy access to jobs and can track their time, and our district is happy with the daily fill rate!"

Judy Steinbacher, Human Resources
Beaver Dam Unified School District

• WHAT IS AESOP?

Aesop is an automated substitute placement and absence management service that uses an integrated phone and web system. Unlike traditional sub-calling systems, Aesop's Software-as-a-Service model does not require any hardware or software at the district office. Users simply log in via the web or phone anytime, anywhere. Aesop not only saves countless hours of manual sub-calling, but also offers efficient absence tracking and reporting.
