## What does Aesop mean for you?

### Solutions.

At Frontline Placement Technologies, we understand the complexity of your job as an HR director. In an effort to assist you and your personnel, we developed Aesop.

**A**esop is an automated substitute placement service that uses an integrated phone and web system. Unlike traditional sub-calling systems, Aesop's Software-as-a-Service model does not require any hardware or software at the district office. Users simply log in via the web or phone anytime, anywhere. Aesop not only saves countless hours of manual sub-calling, but also offers efficient absence tracking and reporting.

Over 2,000 districts worldwide have chosen Aesop, including many districts previously using hardware-dependent systems. As the leader in substitute placement, Aesop works with many personnel professionals like you. Here are some of the concerns we've heard:

***"My sub caller spends hours each day on the phone."*** Aesop relieves hundreds of sub-callers from manually filling the positions left by employee absences. Districts save countless hours—and money—through automated sub placement.

***"We can't attract enough good substitutes."*** While Aesop does not actually hire new subs, we do allow registered subs to view and accept jobs across multiple districts, giving you access to a larger sub pool. Aesop's flexibility helps you retain and make the best use of your subs.

***"Our principals are very particular about subs working in their schools."*** With Aesop, principals can use skill-matching and preference lists to procure the best subs for each opening. Aesop also informs principals when absences are created and filled and facilitates efficient absence tracking and management.

***"Our district budget is tight. We must be accountable for everything we do."*** Because there is no hardware or software to purchase, Aesop is affordable for even very small school districts. Data collection and reporting capabilities allow administrators to better understand absence trends and effectively manage their substitute payroll budget.

***"Our positions are being filled by Aesop almost instantaneously in some cases, which is a real plus for our administrators and teachers."***

—Director of HR, Pennsylvania

Our customer-driven philosophy pushes us to listen to and address your concerns. We continually upgrade and enhance our system at no additional cost to you. As the community of Aesop school districts grows, everyone benefits.

### What does Aesop mean for HR Directors?

For you, Aesop means a *highly effective solution for substitute placement and employee absence management.*
